## SAYS DAUGHTER SOUGHT RELIEF FOR 18 YEARS

All Medical Treatment Failed to Give Mrs. Taylor's Daughter Ease.

### THEN CHANGE CAME

Mrs. Taylor Says "All This Improvement Was Given By Three Bottles of Tanlac."

How her daughter had been under medical treatment for eighteen (18) years without obtaining permanent relief but growing steadily worse in some respects and how taking just three bottles of Tanlac had relieved her suffering and had done wonderful work in restoring her daughter's health, was explained by Mrs. W. S. Taylor, Proprietress of The Taylor House, at 1818 1-2 Main street, Columbia, S. C., in one of the most remarkable statements given the Tanlac representative by any Columbian.

"I think the work of Tanlac is almost a miracle, so great was the relief it gave my daughter," said Mrs. Taylor. "It is a wonderful remedy. I never knew of anything like it," she added.

After stating that she could heartily endorse Tanlac, Mrs. Taylor said: "My daughter suffered from a nervous breakdown, it seemed, for five (5) years. The doctors did not know what was the matter with her. She had no appetite, and could not lack energy. Her system was in a terribly run down condition.

"She had been under medical treatment for eighteen (18) years—since she was just a little girl. She was always rather listless, and never was strong and healthy like other girls. Finally, her condition became so bad that an operation was thought necessary, and she underwent the operation. She did not show the improvement that was expected, however, in fact, she did not seem to receive any particular permanent benefit from it.

"Like thousands of others, I suppose, I bought Tanlac because I had read so many of the testimonials telling of the great value it possesses. It is just wonderful the way Tanlac helped my daughter! Her nerves were quieted by this remedy in a really wonderful way. It gave her a great appetite, an appetite that was so good she would eat the three regular meals each day and then would get something more to eat at night before she retired. She began

to sleep like a child, something she had not done in many months, and all this improvement in her condition was brought about by just three bottles of Tanlac.

Your publishing this statement and saying I sure do believe in Tanlac, for I would like for everybody to know of its value." Tanlac, the master medicine, is sold exclusively by J. F. Mackey & Co., Lancaster; Peoples Drug & Co., Heath Springs; C. O. Floyd, Kershaw. Price: \$1 per bottle straight.

## FARMERS' MUTUALS

Don't they fit in nice just at this time when nearly all of the best old-line companies have withdrawn from the State? Aren't Lancaster and York counties fortunate that they don't have to organize?

# A Proclamation

Be it known to ye citizen of Lancaster, city and surrounding country, that at the fruit stand, with the PLATE GLASS FRONT, hard by the Bank of Lancaster, on the north side—or the south side as well for that matter, for there the last Chance, A. W., holds forth—you can find BARGAINS in soft drinks, fruits and confectionery, not elsewhere secured in this line as well as a stock of the finest chewing and smoking tobacco offered to the trade. See this line ESPECIALLY; learn something of it, even if you don't buy.

Your esteemed and continued patronage will be gratefully received and maintained if a square deal in every sense will do it.

Again asking a trial, I respectfully remain,

Yours to please,

**W. D. Lemmond**
